

Index of individual chambers in:

Robert J. Bennett (2011) *Local Business Voice: The history of Chambers of Commerce, In Britain, Ireland and Revolutionary America 1760-2011* (OUP).

- Note the index is to individual chamber references; many individual chambers are also covered collectively as groups for given areas or countries (UK, Ireland, USA, Canada, and a few European chambers).
- The index also shows the 150 chambers (marked * below) on which data are contained in the data deposit at the UK Data Archive (ESDS) at:

<http://www.esds.ac.uk/findingData/snDescription.asp?sn=6878&key=/&flag=true>

Index of individual chamber references (with some sub-headings, and some other local organisations) by page number in the book (*excludes* index to local personalities, in chambers, ABCC/BCC, CI, ACCE etc). Note primary index is to the major cities/towns, with cross-references to modern chamber titles (a listing of all former titles, changeover dates, mergers etc. is in Appendix 1 of the book).
